ABOUT TRIVON

ENGINEERING TODAY
FOR A BETTER TOMORROW

TRIVON is an Egyptian general supplies and general contracting company providing integrated electrical, mechanical and ELV solutions for commercial, industrial, residential, healthcare, hospitality and infrastructure projects.

We deliver value through reliable supply, professional execution, engineering expertise and a commitment to quality, safety and client satisfaction.

Our multidisciplinary approach enables us to support projects from procurement and supply to installation, testing, commissioning and handover.

POWER CABLES

MEDIUM & LOW VOLTAGE SOLUTIONS

TRIVON supplies high-quality Medium and Low Voltage power cables from leading manufacturers, ensuring reliable performance, safety and long-term durability for all types of projects.

We source genuine products from trusted brands to meet international standards and project requirements.

MEDIUM VOLTAGE (MV) CABLES

- XLPE Insulated Cables
- Copper / Aluminum Conductors
- Single & Three Core
- Various Sizes and Accessories
- As per IEC, BS & NEMA Standards

LOW VOLTAGE (LV) CABLES

- XLPE Insulated Cables
- Copper / Aluminum Conductors
- Single & Multi Core
- Various Sizes and Accessories
- As per IEC, BS & NEMA Standards

ELECTRICAL SWITCHGEAR

LV SWITCHBOARDS &
MV DISTRIBUTION EQUIPMENT

TRIVON supplies a full range of Low Voltage switchboards and Medium Voltage distribution equipment from globally trusted manufacturers, ensuring reliability, safety and efficient power distribution for all types of projects.

Our products meet international standards and are suitable for commercial, industrial, residential, healthcare, hospitality and infrastructure applications.

LOW VOLTAGE SWITCHBOARDS

- Main Distribution Boards (MDB)
- Sub Main Distribution Boards (SMDB)
- Distribution Boards (DB)
- Motor Control Centers (MCC)
- Final Distribution Boards
- As per IEC 61439 Standards

MEDIUM VOLTAGE DISTRIBUTION EQUIPMENT

- MV Switchgear (AIS / GIS)
- Ring Main Units (RMU)
- Compact Substations
- Vacuum Circuit Breakers (VCB)
- Load Break Switches (LBS)
- Protection & Control Panels
- As per IEC 62271 Standards

CONTRACTING

ELECTRICAL MEDIUM VOLTAGE SYSTEMS

DESIGN | SUPPLY | INSTALL | TEST | COMMISSION

TRIVON provides complete Medium Voltage (MV) contracting solutions for commercial, industrial and infrastructure projects, ensuring safe, reliable and efficient power distribution.

Our scope includes the design, supply, installation, testing and commissioning of MV systems in compliance with international standards (IEC, IEEE and Egyptian Code), using high-quality equipment and experienced engineers to meet project requirements and deadlines.

RELIABLE POWER
FOR A STRONGER
TOMORROW

MV SWITCHGEAR & RMU

- Ring Main Units (RMU)
- Indoor & Outdoor Types
- Load Break Switches
- Circuit Breakers & Protection
- Metering & Monitoring
- As per IEC & Egyptian Standards

POWER TRANSFORMERS

- Oil / Dry Type Transformers
- Up to 33 kV
- Indoor & Outdoor Installation
- Protection & Accessories
- Testing & Commissioning
- As per IEC & IEEE Standards

MV CABLES & TERMINATIONS

- MV Power Cables (CU/XLPE/PE)
- Cable Joints & Terminations
- Indoor & Outdoor Routing
- Cable Trays & Supports
- Testing & Commissioning
- As per IEC & Egyptian Standards

PROTECTION, CONTROL & SCADA

- Protection Relays
- Control & Monitoring Panels
- SCADA Integration (as required)
- Testing & Commissioning
- System Integration
- Reliable & Safe Operation

CONTRACTING

ELV SYSTEMS

DESIGN | SUPPLY | INSTALL | TEST | COMMISSION

TRIVON delivers complete Extra Low Voltage (ELV) contracting solutions for commercial, industrial and infrastructure projects, ensuring integrated, reliable and future-ready systems.

We combine engineering expertise, high-quality materials and skilled execution to provide smart, secure and efficient environments, fully compliant with international standards and client requirements.

Our ELV solutions support safety, communication and operational efficiency, from detailed design to final commissioning and handover.

OUR VISION FOR A BRIGHTER TOMORROW

BUILD | SUPPLY | EMPOWER | SUSTAIN

At TRIVON, we envision a future where reliable infrastructure, high-quality supplies and exceptional execution create better spaces, stronger communities and a more sustainable world.

We are committed to delivering integrated solutions in general supplies and general contracting, driven by engineering excellence, integrity and long-term value for our clients and society.

OUR VISION

To be a trusted leader in general supplies and general contracting, building a smarter and more sustainable tomorrow.

OUR MISSION

To deliver integrated engineering solutions through reliable supply, professional execution and a commitment to quality, safety and sustainability.

OUR VALUES

- Integrity
- Quality
- Safety
- Collaboration
- Accountability
- Innovation
- Sustainability

OUR GOALS

- Expand our market presence
- Build long-term partnerships
- Deliver exceptional value
- Develop our people
- Contribute to sustainable communities
- Be a benchmark in general contracting and general supplies
